SOON...**

## OUR MISSION

To generate Safety Personnel (HSE) to propagate, promote and perform as authentic HSE/ Safety Professionals/ Safety Officers for the benefit of humanity.

## AIM: PREVENT – PROTECT – CONTROL

Our specially designed courses are aimed at enhancing skills, competence, employability, and inculcating behavior-based safety culture among the youth, for them to contribute towards nation building process.

## WHY CHOOSE US ?

Our academy stands out distinctly because it is founded and directed by a HSE/Safety Professional who has more than 25 years of experience in the Health, Safety and Environment field. Having worked in major oil and gas companies in the Middle East, he is equipped with not only subject knowledge, but practical knowledge and experience in all matters related to a career in this field. Hence, the syllabus and learning environment has been thoughtfully formulated to ensure maximum benefit to students aiming for a strong career in this area. The learning ethos ensures that students develop more than just their knowledge base. The aim is to make a marked improvement in confidence, employability and overall competence of students to allow them to live up to their full potential. Professional Safety Academy strives to be more than just a training centre. Under the constant support and guidance of our MD and well experienced trainers, we endeavour to create a unique learning experience that inspires and motivates
