Profile

Always committed to delivering quality furniture, we have carved a space in the minds of customers in Kerala. HYFURN BRAND was born from a well-known ancient and traditional family with more than 125 years of experience in the field of furniture business. We have adopted the latest German Technology for manufacturing and installation of the most modern type of Modular Furniture, Kitchen, Interior work for home, Office, Hotels, Resorts, Apartments etc. The quality and durability of Hyfurn Brand products are well accepted in the Kerala market. We also manufacture Cushion Sofa, Office Chairs and Steel Furniture.

We, HYFURN is a Kerala based company, having several well-established dealers network in and around Kerala. We have experienced marketing and technical personals in each District for coordinating technical and marketing aspects.

We can undertake any type or model of interior work. We have trained and experienced technicians for doing such jobs, under the supervision of qualified engineers. We are also having experienced Interior Designers for designing, making drawings and diagrams, formulate preliminary space plans etc. Our designers will visit the customer's site for taking measurements according to the space available and give valuable suggestions to the customers. We are committed to complete the work in time. In our manufacturing unit, we have experienced employees. We give utmost care and attention to each interior works at every stage. We are using high-quality materials with International / Indian standards for Interior jobs as well as another type of modular furniture.
